From The Desk Of Managing Director

"At JKET we understand that learning knows no boundaries. Our distance education programs are designed to provide flexible and accessible learning opportunities to students from all walks of life. We are committed to delivering high-quality education that is both engaging and enriching, helping our students achieve their academic and professional goals."

Sana Mishra
Managing Director (J&K Group)

From The Desk Of Director

"At JKET , we believe that education is the key to unlocking the full potential of our students. Our goal is to provide a holistic learning experience that combines academic excellence with personal growth and development. We are dedicated to helping our students become confident, compassionate, and responsible individuals who are equipped to succeed in an ever-changing world."

Rishabh Groch
Director (J&K Group)

From the desk of chairman

Dear Students,

Greetings and Welcome to the J&K Educational Group. I welcome and appreciate the students and business and business partners showing their interest in a great career of Information Technology Management Studies, Traditional, Research Programmes. What is new about JKET? Just about everything! Since our start and till now, Unbelievably, in such a short span of time, we have grown tremendously, bringing top class brands and universities together to become a premier end to end (E2E) services and solutions provider in India. As you go through the admissions process, our people of our Admissions Office will do all we can to remove the mysteries and be as straightforward with you as we can. If you have questions, please ask. If you need more information, Let us know. Our Purpose is to make the process as non-Mysterious as we can. It is the new beginning of new academic session, Which is like the season of spring where trees adorn new leaves. The arrival of new faces in the JKET fills all of us with energy and enthusiasm. We are trying to create a unique niche for our JKET, among the milling crowd of management institutes. The benefits to students is that they can have the world class education here in Jammu & Kashmir at JKET at a very low cost with an option to take transfer to different colleges anytime after one year of study at JKET under our banner.JKET has adopted a unique model of education that is student centric and programs from Universities and College from around the World in the areas of Engineering, Computing Science and Business. The degree and the diplomas are awarded by Education Partner Universities, Colleges and Institutes, which are public funded, globally recognized and accredited in their respective field. Corporate World is undergoing a flux. The recessionary period of economic activity is over and now the business organizations are trying to cope up with th changing economic environment. The globalization of business coupled with improvement in economic situation the world over has led to the placement scenario has considerably improved the need to the hour for IT & Management education is to prepare students: in such a manner that their acceptance in industry is whole-hearted therefore the holistic development of students personality is the ultimate aim of our education. I think that JKET is a great organisation with great programs and activities. However, no school, no matter how good, how selective nor how active is right for all students. This website was created to provide accurate information about JKET so that you can decide. Whether it is right for you to consider. Our goal is to help make this process as simple as possible and to treat you with respect and dignity throughout the process I am confident that you will find a pathway to a bright future in a chosen career or profession. I hope the students will find this website informative enough to provide them the best knowledge about one of the aspiring career.

Navneet Mishra
Chairman (J&K Group)

About Us

In the year 2000 the J&K educational trust became the national service provider of NSCB University for all over the India. In less than 10 month of its operations the company has framed around 150 centeres with the help of regional co-ordinators of JKET.

Our company J&K group since the launch of company. It is into a university marketing, computer education, career consultancy. After the incorporation has grown steadily and to cater different segments related to the education career.
Run the professional courses of the university under the government approvals. Provide technical, non-technical and practical examinations on all centres. It is also tie up with various universities in India and Abroad.

J&K Educational Trust framed around 450 centeres of IT and Non-IT courses in all over India. The Company has its own marketing team placed in all over India having senior business development manager with the expierence of 25 years in the Education sector. The company have its own LMS for various universities

JKET has its headquarters at Jammu and accredited GSM spread throughout the country. JKET has setup multipurpose GSM in rural and under privileged areas of India. The programme has been implemented in all states and registered significant results. A large number of self funded, entrenrurship based GSM also came up, which were networked with the programme at block, district and regional levels. The GSM are engaged in human resource developmwnt activities in their own specialized areas of technology, paramedical , engineering, management fashion designing, teaching technology, traditional, arts, seekers. They also pay vital role in up- gradation of knowledge and knowledge based skills of professional in related allied industries.

The Activities of the JKET include : Affiliation scheme, short term training programme (awareness universities), long term courses (Bachelor/Master degree programmes of approved universities), continuing education programmes training the trainers programmes, development of learning materials, project and consultancy services. JKET forms the ideal bridge to the ever changing world of education

The Objective of JKET

The develop skilled manpower through diversified courses to meet the requirements of mainly the unorganised sector and to prepare for the world of work in general through a large number of self-employment oriented courses, not precluding wage development of many courses. Through diversification in to the production and service-oriented course, it is desired to reduce the aimless pursuit of higher education and thereby reduce pressure from the tertiary education.

Also to implement the scheme by utilizing the expertise available with non-formal training institute. Training institution/organisation in the non-formal sector provided they meet well defined norms and criteria are granted accreditation for conducting specified courses. The courses follow the prescribed syllabus. Students from accredited institutes as well as working professionals are to appear for the examinations at these courses conducted by the JKET, if they fulfill the prescribed eligibility criteria.

Objectives of the programmes

The J&K Educational Trust is an independent organisation serving the country through basic and applied education, research, development of innovating management practices and planned programme of academic & industrial training . Both the long-term as well as the short-term courses are launched after an in-depth survey and undergoing through detailed requirements of the students.

- ★ To gain professional qualifications
- ★ Approved certification
- ★ Industrial exposure
- ★ Improved efficiency
- ★ Enhancing knowledge through new technological information

Prepare students for industries

Note : For admissions in all courses prior approval from University is required.
